If the land abuts public water, at least 15 days prior to the hearing, the town board, or its designee, must consult with the Commissioner of Natural Resources to review the proposed vacation.   - The hearing may take place where the road is examined or after the examination, it may be recessed and reconvened at the town hall or other location.
- ❖ If a landowner is landlocked, consent, agreement or damages must be determined. (see page 1)
- ❖ Town Board must determine if ditches lateral to the road should be maintained. If so, insert a provision in the road order retaining right of access for that purpose.
- ❖ If there are utility poles or facilities in the right-of-way, and the Board has adopted an ordinance granting those easements, the Town Board should reserve its and the utilities right to install, maintain and operate those facilities in the right-of-way and to enter, maintain, reconstruct or repair those facilities.

2. Determine damages
  - a. Waive damages by landowner (signed agreement) or
  - b. By agreement of the parties involved or
    - i. Test: Fair market value of the entire property before the taking and the fair market value after the taking.
    - ii. Subtract: Monetary benefits gained by the landowner from vacation.
3. With a proper legal description, the Board shall issue a final road order, which shall be certified and presented to the County Auditor who shall note on the document, "entered into the transfer record." It shall be filed with the Court Administrator in the district court where the land is located. The notice must include a bond of at least \$250, with sufficient surety, approved by the judge or county auditor conditioned to pay all costs arising from the appeal in the case the Town's award is sustained. The notice must specify the award appealed from, the land it relates to, the nature and amount of the claim and the grounds of the appeal. Process and papers regarding the appeal must be served on the Town Board Chair or Town Clerk. *Minn. Stat. § 164.07 subd. 7.*

# CHECKLIST FOR VACATING ROADS

## Minn. Stat. § 164.07

- (1) \_\_\_\_\_ The process may be initiated by *either* of the following methods:
- (1) Upon elector authorization received at an annual or special town meeting;  
(Minn. Stat. § 164.06, subd. 1) *(TR4000A, Attachment 1)*
  - (2) Upon a petition (subd.1) *(TR4000A, Attachment 1a)*
    - a. signed by at least eight voters of the town
    - b. who own land within three miles of the road
      - i. The petition may have less than eight signatures if there are not eight resident owners within the three-mile area.
      - ii. **Best Practice.** Set out in the minutes of the meeting, the Board determined there are less than eight residents living within three miles of the road.
    - c. description of the road and the portion to be vacated.
- (2) \_\_\_\_\_ Petition filed with the town clerk who must present it to the town board. (subd. 2)
- (3) \_\_\_\_\_ **Order:** Within **30 days** of being presented with the petition, the board must make an order
- a) ***setting a date, time, and place for a road hearing.***
    1. ***Hearing does not have to occur, but the date must be set.***
  - b) Describing the road proposed to be vacated, and the several tracts of land through which it passes. (subd. 1)
    1. Is a survey needed to determine location and description of road?
  - c) Notice indicating the affected landowners are entitled to judicial review of damages. *(TR4000A Attachment 2)*
  - d) If the procedure was initiated by elector authorization, be sure the order contains a statement of public purpose and necessity required of a petition.
- (4) \_\_\_\_\_ The ***petitioners*** are responsible for ***personally serving*** the order and a copy of the petition upon each owner and occupant of the land affected **at least ten days prior to the hearing**, and for providing ten days ***posted notice*** of the hearing.
- **Best Practice:** The town board should provide at least ten days ***published notice*** of the hearing. *(TR4000A Attachment 3)*
  - If the process was initiated by the board with elector authorization, the board is responsible for providing all the notices required in the process. Send the resolution, not petition, along with the order to the affected landowners.
- (5) \_\_\_\_\_ **Petitioners** responsible for **completing the affidavit of service and posting.** (subd. 2)
- If elector authorization, this would be a board function.
- (6) \_\_\_\_\_ **Escrow:** Should an escrow be filed? And if so how, much?
- This is a board decision. Best practice is to consult with your attorney.
  - It may be appropriate when a petition is filed.
- (7) \_\_\_\_\_ **DNR Notice if road by public water:** If the road to be vacated ends at, abuts upon, or is adjacent to any public water, the ***petitioners*** must serve notice of the order by certified mail upon the DNR Commission at least **60 days** before the hearing. (subd. 2(a)).
- Keep this in mind when selecting a hearing date.
  - A copy of the notice should also be sent to the regional DNR office.

- (8) \_\_\_\_ **Consult DNR Commissioner 15 days before hearing if** the road to be vacated terminates at, abuts upon, or is adjacent to any public water. (subd. 2(c))
- No definition of consultation. Best to talk with your regional DNR office.
  - Keep notes about the conversation as support for satisfied its consultation requirement.
- (9) \_\_\_\_ At the hearing, petitioners must **present affidavits of personal service and posting**. This proof establishes the board’s jurisdiction to continue with the vacation process. (subd. 3)
- (10) \_\_\_\_ At the hearing, the board must examine the road, hear all interested parties, and decide whether to grant or refuse the petition. (subd 3)
- Occasionally, the board will hold the entire hearing at the road site.
  - Others will start the hearing at the road, conduct the examination, recess the hearing to a specific time back at the town hall, and then reconvene hearing at the specified time.
  - The board must decide how it will accomplish the road examination in each case.
  - The town board, its employees or agents, may enter upon any property, public or private, to conduct property examinations and surveys. (subd. 13)
    - It does not grant immunity to the town board, its employees, or agents for damage caused to public or private property as the result of an entry onto the property.
- (11) \_\_\_\_ **Landlocked Property.** If the petition calls for vacation of a road that is the only means of access to property or properties containing five or more acres, ***the road may not be vacated*** without the consent of the property owner(s), unless the town provides the owner(s) with other means of access. Minn. Stat. § 160.09, subd. 3.
- Owner permission should be **in writing** and the signature **notarized by at least the town clerk**.
  - Before landlocking anyone, be sure the landowner consults with an attorney about creating a private easement so their property has some legal access. The easements should be put in place and recorded in conjunction with the vacation order; however, the owners seeking the vacation are entirely responsible for the work and cost association with establishing the private easements.
- (12) \_\_\_\_ **Ditches:** If vacating a road, the board must determine whether the ditches lateral to the road should continue to be maintained for the general health and welfare of the public.
- If so, the town may insert a provision in the road order retaining a right of access for that purpose. (See also Minn. Stat. §§ 160.09 & 160.29) The adjacent owners are prohibited from interfering with the functioning of the drainage facilities. (subd. 3a)
- (13) \_\_\_\_ **Utilities in right-of-way.** If vacating a road in which there are utilities, and the board has adopted an ordinance to regulate utilities placing facilities in its rights-of-way, and the vacation does not require the relocation of the facilities, then the board must reserve to and for itself and all right-of-way utilities having facilities in the vacated right-of-way and the right to install, maintain, and operate facilities in the vacated right of way and the right to enter the right of way to reconstruct, inspect, maintain, or repair facilities. The exception is if reserving these rights would not be “in the public interest.” Minn. R. 7819.3200, subp. 1.
- If the board has not adopted an ordinance regulating utilities in the right of way, then this requirement does not apply. However, it is recommended boards give notice of the hearing to any know utility with facilities in the road proposed for vacation so they can raise any concerns they may have.
  - If the relocation necessitates moving the facilities, there are factors to be considered in determining who must pay for the relocation. Minn. R. 7819.3200, subp. 2.

- (14) \_\_\_\_ **Approval of Petition: Develop a Road Order.** If the petition is approved, the board must develop a road order that must be recorded with the county. *(TR4000A Attachment 5)*
- **Best Practice:** Bring a draft of the road order into the county recorder's office for an indication of whether it is in the proper form (e.g., correct margins, etc.).
- (15) \_\_\_\_ If the petition is granted, and the board deems it necessary, it may require a survey to be made of the road. (subd. 4)
- **Best Practice:** A survey and is vital to the development of a proper description of the road, the establishment resolution and the road order.
- (16) \_\_\_\_ The board must determine the amount of damages by vacation.
- Damages may be determined by agreement between the board and the owner. *(TR4000A Attachment 6)*
  - Waived by the owner in writing. *(TR4000A Attachment 7)*
  - If an agreement is not reached or a waiver obtained, the board must determine the amount of damages, if any, which must be awarded to each of the affected owners. (subd. 5)
    - **Measure of damages:** "is the difference between the fair market value of the entire piece of property immediately before the taking and the fair market value of the remainder of the property after the taking." *State by Humphrey v. Strom*, 493 N.W.2d 554, 558 (Minn. 1992).
    - The board must also determine the monetary value of the benefits, if any, conferred by the board's action and subtract that amount from the damages. Determining benefits is most significant when vacating a road because the property will revert to the adjacent owners (i.e., the property will be cleared of the public easement). *(See TR4000A Attachment 9 for information on reducing damage awards by benefits for condemnation.)*
    - If the board sets damages by agreement with an owner, or an owner releases his or her claim to damages in writing, the agreement or release must be filed with the town clerk and are final.
- (17) \_\_\_\_ The award of damages must be filed with the town clerk who, ***within seven days***, must ***notify each of the affected owners and occupants of the award in writing***. (subd. 6)
- The notification must set out the **date of the award, the amount, and any terms or conditions of the award**. *(TR4000A Attachment 8)*
  - It must also explain the requirements for appealing the award of damages.
- (18) \_\_\_\_ **Appeal.** The owner or occupant may appeal the award of damages within 40 days of the filing of the award of damages. The appeal is initiated by filing a notice of appeal with the court administrator in the district court of the county where the land is located. (subd. 7)
- The notice must include a bond of at least \$250, with sufficient surety, approved by the judge or the county auditor, conditioned to pay all costs arising from the appeal in case the award is sustained.
  - Process and papers regarding the appeal must be served on the town board chair or the town clerk. Minn. Stat. § 365.40, subd. 2.
  - The notice must specify the award appealed from, the land it relates to, the nature and amount of the claim, and the grounds of the appeal.
  - If no appeal is entered within the 40 days, the assessed damages are considered the same as a judgment and are final. (subd. 9)

- (19) \_\_\_ Trial: The trial is carried out under certain procedures. (subd. 8)
- Set for calendar for trial at the next general term of the court occurring more than 20 days after the appeal is perfected.
  - It shall be tried in the same manner as an appeal in eminent domain proceedings under chapter 117.
  - The prevailing party shall recover costs and disbursements as in other civil cases and judgment shall be entered upon the verdict.
- (20) \_\_\_ A certified copy of the final town road order must be presented to the county auditor, who must enter it in the transfer records and note on it, over the auditor's official signature, the words "entered in the transfer record." (subd. 11)
- (21) \_\_\_ A certified copy of the order must also be recorded with the county recorder. (subd. 11)
- (22) \_\_\_ If the petition is denied, note the fact on the back of the petition (i.e., "petition denied").
- The board's decision to deny a petition is final, unless appealed from, for one year (i.e., a similar petition may not be brought for one year).
  - If appealed, a similar petition may not be brought within one of the court's decision. (subd. 12)
